September 5, 2014

Dear Commercial or Multi-Family Property Owner:

Some of you who have owned property here in the Borough for a while may be aware that the Borough has a fairly extensive list of regulations related to solid waste and recycling. Because of an increasing number of complaints about sanitation issues in our commercial and multi-family areas, we have reviewed the Borough's Code to determine what these regulations are. In reviewing these regulations, we discovered that we have been very lax in our enforcement of them.

I have attached to this letter a four (4) page listing of the regulations in our Code that pertain to commercial and multi-family properties in the Borough. This includes regulations about what you must collect and how you must contain your solid waste and recycling. I am also attaching the current list of recyclable materials that the Borough collects for its residential property owners and that we expect your properties to collect as well.

I am writing to let you know that the Borough intends to enforce these regulations beginning on November 1, 2014. If you are not currently addressing your solid waste and recycling appropriately, you have until then to make arrangements with your hauler for their proper handling. As you will note in the regulations, alternative methods can be approved by my office should you wish to seek approval for something different than what is required. You should submit any requests for alternative approvals to me as soon as possible to avoid any actions after November 1, 2014.

Our Code Enforcement Officer, Monica Dahlkemper, will be responsible for enforcing these regulations. If you have any questions about what you can or cannot do, please feel free to contact her at 412-561-8900 x233 or [mdahlkemper@boro.dormont.pa.us](mailto:mdahlkemper@boro.dormont.pa.us) or you can reach me as indicated below.

Thank you for your cooperation as we try to improve our appearance and enhance your business' and the Borough's sustainability.

Sincerely,

Jeffrey Naftal  
Borough Manager
