MUNICIPAL PEST CONTROL PROGRAM

**Sponsored by The Allegheny County Health Department
And Participating Municipal Governments
Allegheny County Health Department
Division of Housing and Community Environment
3190 Sassafras Way
Pittsburgh, PA 15212
412-350-4046**

Pesticide Application Consent Form and Record

I, _____, being owner/tenant of the property located at _____, Allegheny County, Pennsylvania, willingly authorize the use of a pesticide on this property, for the purpose of controlling pests of public health significance (rats, mice, mosquitos, cockroaches, etc.). I am aware that either a registered or certified public health pesticide applicator is going to provide this service. I am aware that there is little or no risk to my family and private property. I am aware that pesticides can be hazardous, but they will be used with great care to minimize any impact on non-target wildlife and domestic animals.

I do _____, do not _____, own a household pet. I verify that I will adequately control my pet(s) during the pesticide treatment period. I am also aware of the kind of pesticide being used on my property and of the locations where it is being placed.

I, therefore, agree to absolve the County of Allegheny and the Borough of Dormont, its employees and agents, of any liability in this matter.
