*Need Survey

Replace and/or Repair Structure (same size)
*Provide drawing of structure on attached page

CONSTRUCTION DRAWING REQUIREMENTS

All permit applications, unless specifically exempted below, require (2) sets of construction drawings and specifications for review. **Whenever structural changes are involved, the drawings must be signed, sealed and dated by a licensed Architect or Engineer.** The sealed statement should indicate that the work described on the application will satisfy all structural requirements of the UCC. The Borough of Dormont reserves the right to require that a statement sealed by a licensed design professional be provided (indicating that the proposed work will not violate provisions of the UCC), for all other changes.

Commercial Buildings: Must provide construction documents indicating the location, nature and extend of work proposed, and show in detail that the work will conform to the Uniform Construction Code.

BUILDING PERMITS REQUIREMENTS

The following information required (Yes, No, NA) All designs must meet International Building Code (IBC) 2009.
Additional documents will be required depending on scope of work proposed.

All permits that require **Zoning** shall include a plot plan, drawn to scale on a property survey which is current and sealed by a licensed land surveyor who is registered by the commonwealth. A scale of (1" inch equals 20' feet) or photo static reductions is acceptable if reduced to a scale of not less than (1" inch equals* 100' feet) and if legible.
