

We Want Your Feedback on Dormont Junction Station

The Dormont Junction Station Area Plan, completed in 2018, is one step closer to reality!

As part of our Station Improvement Program, Port Authority is redesigning Dormont Junction Station and **we want your input** on 30% design.

Highlights of this design include:

- Improved station design with enhanced rider amenities.
- Central entry reconfiguration to both station platforms to designate a clear point of entry and exit to the station.
- Improvements to the sidewalk and streetscape along Raleigh Avenue, including a new passenger plaza with green infrastructure — **and more!**
