Re: UPDATE-Car Washes on Borough Property

---

Borough Ordinance #1610, prohibits the contributions of pollutants to the stormwater system, thus qualifying car washes as an "Illicit Discharge." There is a need for local non-profit organizations to hold fundraising car washes at the Dormont Pool parking lot. A car washing of this magnitude would allow soap, oil and dirt to enter the stormwater system, therefore, the Stormwater Authority has purchased three (3) inlet filters to be used during car washing events and recommends the organizations use biodegradable soap only. This is a change in the former recommendation that car washes be eliminated completely from a previous memo, due to the fact the DSWA was able to purchase these filters. The attached verification form may be used and a copy given to the Authority.
