Here is a little bit about what camp has in store for your kiddos...For each week we will be having a special theme and will be using S.T.E.A.M. (**S**cience, **T**echnology, **E**ngineering, **A**rts, and **M**ath) based activities to offer your children a premier camp experience, filled with fun and learning, but shhh...don't tell them! Below are brief descriptions of what each week's theme holds in store.

Week 1 (June 12 – June 16) – Wacky Wild Life

Life is one crazy experience, and sometimes we don't even think of certain things as living, but they are! Join us as we explore the wackier side of living things and try to figure out just what it is that makes something ALIVE!

Week 2 (June 19 – June 23) – Through the Looking Glass

Campers will experience the magical world of Alice's Wonderland in this very, merry and mad week. We will visit parts of the story through arts and crafts, reading and writing, and fun outdoor activities, such as croquet. And, of course, we will certainly celebrate everyone's UN-birthdays!

Week 3 (June 26 – June 30) – Global Explorer

World travel...exciting cultures...we may not be able to take you to all of the countries of the world, but we sure can bring a taste of the world to you! We will survey aspects of cultures from all inhabited continents, including food, fashion, art, and sport. Come along and fill your passport with exciting stamps from all over without leaving Dormont!

Week 4 (July 3 – July 7) – America the Beautiful*

We feel that our American heritage is something of which we should be proud! So, we will explore as much of America the Beautiful as we can, without leaving Dormont, and we will learn lots about what it means to live in the great melting pot of the United States of America!

* Camp will be closed Tuesday, July 4th in observance of the Independence Day holiday.

Week 5 (July 10 – July 14) – Wonderful World of Wonka

There is no world I know to compare with pure imagination! Since we are the music makers, and the dreamers of dreams, let's taste the deliciousness of life...and chocolate...As much as candy and Wonka are art, they are equally a science. So, let's taste some snozzberries and see if we can't perfect those fizzy lifting drinks!

Week 6 (July 17 – July 21) – CSI: Dormont

Something has gone missing from camp...but who could be the thief??? Learn all the skill of a private eye to help solve our mystery. We'll learn about DNA, fingerprinting and other crime scene tools to solve the mystery and determine who dunnit?!?!?

Week 7 (July 24 – July 28) – Inventor's Workshop

What do all inventors have in common...CREATIVITY! Join us as we team creativity with engineering to come up with some pretty awesome inventions. You don't have to be an Einstein or Edison to still be an inventor and have fun creating at camp!

Week 8 (July 31 – August 4) – Prehistoric PA

Before the Turnpike and Hershey Park...before George Washington and Valley Forge...even before the Susquehannocks, Erie, and Shawnee wandered the hills and valleys, there were many other life forms that lived here in Pennsylvania! We will travel back to Prehistoric Pennsylvania and visit some of these fascinating creatures.

Week 9 (August 7 – August 11) – Mad Science

Sometimes science is just...plain...boring...but NOT here! We will have a madcap, hair raising week filled with slimes and concoctions, with marvelous machines, and so much more, as we learn about just how mind blowing (and useful) science can be!

As you can see, it is a fun-filled summer we have planned, and we are tremendously excited to begin! So glad your families will be joining us...see you soon!
