Borough of Dormont Designated 2023 Banner Community

Dormont, PA – The Borough of Dormont has been recognized as a 2023 Banner Community by County Executive Rich Fitzgerald and the Allegheny League of Municipalities (ALOM). The program, now in its 11th year, recognizes municipalities that have focused their operations on professional development, prudent fiscal management, transparency, accountability, and proactive communications. This work, in turn, engages community stakeholders. The Borough of Dormont is one of the organizations recognized this year.

“It is an honor for Dormont to receive the banner community designation for the eighth year in a row. I’m proud of both our staff and elected officials who work hard to make sure that the borough meets the important benchmarks to earn this distinction every year.” said Council President Daniele Ventresca.

In order to be eligible for consideration for the Banner Communities Program, the municipality’s elected and appointed officials must:

- Participate in educational or training programs through ALOM, the Local Government Academy or the PA Department of Community & Economic Development or participate in a governing mentoring program
- Be active members in good standing with ALOM and the county municipal associations, and have a representative attending at least a minimum of 50% of county association meetings
- Be active members in good standing in a COG and attend COG meetings, participate in a COG cooperative purchasing program and participate in at least one shared municipal service
- Conduct a Local Government Week activity by conducting a local activity promoting local government or communicating with the community about delivery of services
- Conduct an effective Citizen Communication Program by offering a municipal newsletter or web-based communication effort, and participate in a class discussion on local government or conducting a shadowing program for junior or senior high school students
- Promote and implement long term sustainable governing practices by earning certification through Sustainable Pittsburgh, managing employee pensions at funding levels of 90% or above, participating in the annual ALOM Wage and Salary Survey Program, and implementing goals of an up to date Municipal Comprehensive Plan
